He holds a B.Sc. and M.Sc. in Engineering, an MBA (UK), and an MA (IOU). He completed his PhD at the University of Malaya on "Identification of Talents for Effective Utilisation of People." Presently, Dr. Mohamed Nismy is an Elite Fellow at UM.

Dr. Mohamed Nismy is a certified life coach, executive coach, leadership coach, and an accredited professional advanced trainer (ILM).

With a strong foundation as a Civil Engineer, he has spent twelve years in the Oil and Gas industry, holding key positions such as Quality Assurance Engineer and Strategic Business Planner.

He brings over three decades of experience in community organisations and works, contributing through various roles, including planning, training, and leadership.

The amalgamation of his multi-disciplinary qualifications uniquely positions him to offer transformative training and consulting services to professionals and businesses of diverse backgrounds.

Dr. Mohamed Nismy's specialisation lies in sustainable Human Resources Development, and his expertise spans Strategic Planning.

His impact extends far and wide. He has positively influenced thousands of individuals through training and coaching programs and conducts corporate training programs covering various topics.

Dr. Mohamed Nismy combines academic prowess with practical experience, offering a holistic approach to HR development.

BUSINESS LIFE

LEADERSHIP COACHING

If you are a business leader and willing to be successful throughout your life, you must have a trustworthy person

- To listen to you,
- To assess you,
- To appreciate you wherever you are excellent. and
- To help you to become excellent in the areas you need improvement.

If you are a person in this category, this package is for you.

We can help you to Review and Refresh your business life through comprehensive analysis. You will feel that someone is guiding you from within you.

Business Leaders are powerful people with a ton of experience. They help hundreds of / thousands of people to become successful. They smell the potentials of others and grow them as leaders. However, they forget themselves and eventually, they become candles or ladders. They fail to realize that they may help more people if they can grow further.

We can continuously help you ...

- To set professional and personal development goals.
- To discover and capitalize on the natural strengths.
- To explore strategies and ideas to increase overall productivity.
- To learn how to identify and correct negative beliefs and habits that sabotage success.
- To achieve more balance between work & home to enjoy a meaningful life.

BUSINESS LIFE LEADERSHIP COACHING PROGRAM

INVESTMENT

Towards healthy and productive career to benefit to your-self, your family, institution, community, nation and humanity.
